Dr. Mohano Behara, In-charge of Botany Department, PVKN Govt. College (A), Chittoor reminded the words of Mahatma Gandhi- "The world has enough for everyone's needs, but not everyone's greed." He said that everyone should take inspiration from Gandhiji's saying and start using natural resources judiciously without being greedy and selfish. Dr. L. Md. Bakshu, Lecturer in Botany addressed the students and emphasized that everyone should take responsibility to protect various natural resources such as water, air, soil, energy, vegetation, and animal life.

Dr. P. Sudharsanam, Lecturer in Zoology said that the world is facing a lot of problems related to nature and its conservation. The challenges are based on climate change, urbanization, pollution, deforestation, and damage to the rich flora and fauna. The need of the hour is to preserve nature and manage resources properly by keeping future generations in mind.

Dr. P. Bhanuprakash, Lecturer in Chemistry said that Plastic is a cheaper substitute for other things, but it costs the environment dearly. Plastic products are non-biodegradable and exist in our surroundings for thousands of years. One should cut down the use of plastic and use products made of degradable components instead of plastic items for a cleaner environment.

Dr. N. Ramamurthy and Dr. N. Babu NSS Program Officers addressed the students on the proper usage of natural resources. Lt. A. Ramesh-NCC ANO, Dr. T. Hari Babu-M.Sc Organic Chemistry Coordinator and Dr. A. Sasikala- WEC Coordinator also participated in this awareness programme.

#### **FREE HEMOGLOBIN TEST CAMP**

**(14-02-2023)**

A hemoglobin (Hb) test measures the levels of hemoglobin in the blood. Hemoglobin is a protein in the red blood cells that carries oxygen from your lungs to the rest of your body. A hemoglobin test is often used to check for anemia, a condition in which one's body has fewer red blood cells than normal. If one has anemia, the cells in body don't get all the oxygen need resulting in weakness, fatigue, dizziness and trouble breathing. Hemoglobin deficiency is found to be one of the major reasons for various diseases among girls and women. Hence, free hemoglobin (Hb) testing camp is organized by NSS unit of the college with the help of the Accredited Social Health Activist (ASHA) of Greampet ward on 14<sup>th</sup> February, 2023 in the Chemistry wing of the college that remedial measures can be taken to improve their hemoglobin levels.

The hemoglobin (Hb) test camp was inaugurated by Dr. G. Ananda Reddy, Principal, PVKN Govt. College (A), Chittoor. A total of 170 girl students and 40 teaching staff blood samples are collected and hemoglobin tests are performed by the ASHA workers. After diagnosis, the students with low percentages of hemoglobin were suggested to use Iron and folic acid supplements to improve their hemoglobin levels. Iron and folic acid supplements were dispensed free of cost by our NSS Volunteers under the supervision of ASHA team. Students were counseled by NSS Volunteers regarding dietary intake to be followed to improve their hemoglobin levels.

Dr. P. Bhanuprakash and Dr. N. Ramamurthy-NSS Programme officers, Lt. A. Ramesh-NCC officer, Dr. P. Sujana-IQAC Coordinator, Dr. A. Sasikala- WEC coordinator and NSS volunteers have been actively involved in the free hemoglobin (Hb) camp.
