PVKN Govt. COLLEGE (A), CHITTOOR

(Affiliated to S.V. University, Tirupathi)

Examination and Evaluation Policy

1. Preamble:

PVKN Govt. College (A), Chittoor is the first college in the district to get autonomous status from UGC in the academic year 2018-19. 'Teaching and Learning' is the core function of the College, and it aims to cater to the diverse educational needs of marginal section and also to augment the students' capabilities and potentialities. College offers 18 UG & 10 PG Programmes. Academic policies, Evaluation patterns and procedures become the integral part of Examination system to set standards in achieving programme outcomes. Academic & Examination policies from time to time are formulated and amended by Examination Committee by taking final approval from the Academic Council.

2. Short title and Commencement:

The term 'Evaluation' refers generally to the gathering, collating and interpretation of information related to the student's learning abilities, learning attainments, learning strengths and areas of learning that need addressing. In brief, an evaluation is any assessment of a student's performance in a credit or non-credit course which will count towards the final grade achieved by the student in that course. Evaluation of student performance is established by the faculty through their respective Departments (or Programs), under the authority of Lecture In-charge/Ward in-Charge and Exam cell. The College recognizes the need for evaluation of student performance to adhere to college-wide standards to ensure fairness and consistency in good practice.

The Examination and Evaluation policy aims to explain the rationale & importance of assessment, enlist various patterns of assessments, schedules, post assessment procedures to publish the results and award the degree. The regulations listed under this head are common for all undergraduate and Post Graduate programmes offered in the College based on the Guidelines for Implementation of Academic Autonomy at College level by Sri Venkateswara University, Tirupathi. The regulations are subject to amendments as may be made by the Academic Council of the college from time to time, keeping the recommendations of the Examination Committee in view. Any or all such amendments will be effective from such date and to such batches of candidates including those already undergoing the programme, as may be decided by the Academic Council.

3. Examination Committee:

The methodology for examination and evaluation of the programmes run by this college is as under **Examination Committee (EC)** which is constituted as follows:

- (i) Principal (Chairman),
- (ii) Controller of Examinations (CoE),
- (iii) Chairpersons of the Boards of Studies (BOS) and
- (iv) Academic Coordinator.

The members of EC shall meet at least twice during the academic year and at other times as and when necessary. For any meeting of EC, one-third members shall constitute a quorum

The Powers and Duties of Examination Committee (EC):

- The EC shall ensure proper performance of the various duties in conducting examinations viz. paper setting, time table preparation, assessment and declaration of results.
- The EC shall recommend examination reforms and shall implement them after the approval of Academic Council (AC).
- The EC shall prepare the detailed time table of examinations as per the schedule approved by Academic Council.
- The EC shall arrange for strict vigilance during the conduct of examinations in order to avoid use of unfair means/ malpractices by the students, faculty and invigilators.
- Complaint Redressal Committee (CRC) shall be an independent committee consisting of three members appointed by Chairman. The EC (as and when required) deals with the complaints related to the conduct of examinations.
- The recommendations of the CRC shall be approved by the Chairman and EC to take appropriate disciplinary actions in the concerned matter. The disciplinary actions shall be endorsed by the EC.
- The various formats shall be prepared by EC for record keeping and monitoring all examination related activities.
- The EC shall perform such duties and responsibilities that are assigned by Academic Council of the institute from time to time.
- Controller of Examinations (CoE) shall be assisted by the Assistant Controllers of Examination (ACoE) for carrying out all the examination activities

5. Assessment Pattern:

Assessment of the students' performance is made on the basis of the knowledge, skills and competencies for the course as defined in the curriculum. The assessment of students' performance in course work during and/or at the conclusion of a programme has to be done in the examinations. In general, an examination addresses different objectives, like achievement-testing, prediction-testing, endurance-testing, creativity-testing and testing for ranking.

The Regulations given below enable the Autonomous Colleges to achieve this goal and gain the confidence and respect of the stake holders, particularly students. Typically achievement- testing is done in two parts as follows, both of them being important in assessing a student's achievement.

Evaluation of UG & PG programmes is based on both **Continuous Internal Assessment (CIA)**, held twice in the course of the semester at pre-determined intervals and the **End Semester Examination (SEE)** held at the end of each Semester.

i) Sessional / Continuous Internal Assessment (CIA), to be conducted by the course teacher all through the semester. This includes mid-term tests, weekly/ fortnightly class tests, homework assignments, problem solving, group discussions, quiz, seminar, mini-project and other means.

The Internal Assessment marks shall be awarded as per the academic regulations of the individual programme. The Internal Assessment marks shall be submitted to the Controller of Examinations at the end of each academic session before the commencement of the Semester End Examinations in the prescribed form or upload in specified link provided by the COE.

ii) Terminal, covering Semester End Examinations (SEE)

A comprehensive examination for each course, irrespective of the number of credits allotted to it, will be held at the end of each semester. SEE shall be conducted by the Examination Committee at the end of a semester, on dates to be fixed at the College level. This includes a written examination for theory courses and practical/design examination with built-in oral part for laboratory/design courses.

The eligibility of a student to write the End Semester Examination is based on :

1. Minimum Attendance Requirement (refer Course Requirement)
2. Minimum CA requirement (refer Continuous Assessment)
3. Payment of the prescribed examination fee, for courses for which he/she has registered.

Both CIA and SEE being equally important in judging the coursework performance of students, they need to be conducted with equal rigour and equal seriousness in the credit system. A student's performance in coursework shall be judged by taking into account the results of both CIA and SEE individually and also together by giving below mentioned weightage for them. This practice is followed for all courses offered and for all programmes.

5.1 EVALUATION / ASSESSMENT PATTERN For UG Programmes
