Dr.G.Ananda Reddy, inaugural address on Inter Faculty Forum

Dr.T.Malathi Gabriel, Convener presented aims and objectives of IFF

As a part of sharing the knowledge of common interest, three presentations were given. The first presentation was given in the form of a PPT by Dr. P.Sujana on the topic '**Nano ethics –an imperative implication for risk governance in India.**' The presentation highlighted the use of nano technology which has revolutionized many aspects of modern life by making remarkable impacts in the field of medicine, engineering environment, economy and even politics. A wide range of ethical issues like privacy, value conflicts, accountability, intellectual property rights against misuse of military, security tools and human aspects have to be taken into consideration in its use.

Dr.P.Sujana, Lecturer in Botany gave Power Point Presentation on 'Nano-ethics'.

The second presentation is by Dr.Munnaiah, Lecturer in Statistics on ‘Integrated Attendance Management System’ which was initiated by the Govt of A.p during the academic year 2017-18 for faculty and students in educational institutions. . He enlightened on its application i.e daily student attendance, apply of online leave through IAMS App for the faculty.

**Dr.Munnaiah, Lecturer in Statistics delivered talk on ‘Integrated Attendance Management System’**

The third presentation is by Sri.P.Ravi, Librarian on ‘Teacher’s role in reducing the stress in students.’ He viewed that Teacher is the third parent. He gave a clarion call that Time Management, proper planning, self-discipline and confidence are to be inculcated among the students which is the dire need of the hour.

**Sri.P. Ravi, Librarian spoke on ‘Teacher’s role in reducing the stress in students.’**

Each presentation is followed by interaction, queries and intellectual discussions with sharing of expertise among Lecturers which is lively, highly useful and informative

**Dr.T.MALATHI GABRIEL,**

**Convener**
