2.3.2. Teachers use ICT-enabled tools including online resources for effective teaching and learning:

Response:

ICT-enablement:

Faculty members are trained through various Faculty development programs/workshops to include *ICT-enabled tools and techniques* in the teaching-learning process to deliver the contents more effectively in their teaching-whether in class or online. There were huge restrictions on mass movements, imposed especially on students, during the prevailing COVID-19 pandemic situation. But the faculty geared up and organised from day one, regular academic deliberations through online mode, ensuring the full engagement of the students. Use of ICT tools in teaching learning process help to improve academic performance, communication, technical skills and makes students industry-ready.

- Most of the classrooms in the College are equipped with *modern ICT tools* like Digital interactive boards, multimedia projector/LCD, Wi-Fi/LAN, audio-video aids. Each Department is equipped with *computers with good LAN connectivity*. This infrastructure is used to deliver a better visual learning experience to students.
- The teachers' use of *Video Conferencing Platforms* like Zoom, Webex, Google Meet etc. are used to facilitate effective communication in online teaching.
- *Whatsapp, Teachmint, Google Classroom* is used by mentor/teacher for sharing any information with students viz., general notices, course-related resources, YouTube lectures, details of attendance, class notes and an announcement of results.
- Teachers are using *online assessment tools* like *Google Forms* also to conduct online Quizzes and online assignments for quick and transparent evaluation.
- The syllabus of the course, model question paper, course content in the form of videos prepared by staff is made available on the *college website*.
- Students are made aware of suitable online courses and are encouraged to enroll for *MOOCs* and *NPTEL* courses.

Online resources:

- The college has been maintaining its own YouTube channel named “PVKN Govt. College(A) Chittoor - Nodal JKC (<https://www.youtube.com/channel/UCoOoi66TuFe1VS-QyUC5Txg>).” where faculty members contribute a variety of *recorded educational/informative video lectures* for the access of students. More than 250 such videos are available at the web link - <https://docs.google.com/spreadsheets/d/1pb2hTpXw66AT4PLOvNveZIRXptKafWxGUNi1dLBZwOY/edit>
- Faculty members regularly participate in the development of resources for web portals like *Learning Management System (LMS)*, *CCE*, *Govt. of Andhra Pradesh portal* and encourage students to register and access these courses.
- E-resources like *N-LIST* and *INFLIBNET* which are the online digital repositories of e-books, e-journals and other scholarly databases like ShodhSindhu and ShodhGanga are accessed by staff and students.
- Students are *oriented by the librarian* of the college on the availability and the accessing of e-resources.
- A well-equipped computer centre having a bandwidth of 100Mbps are functioning effectively.
